Introduction

Pembuka

The names of places, the character of the streets, the very essence of Penang can be traced to events happening in places thousands of miles away, hundreds of years ago. In this study, we look at significant chapters in world history, as they unraveled in China, India, Portugal, the Netherlands, Britain, Siam (Thailand), Burma (Myanmar), Indonesia, Singapore and the Malay peninsula, to appreciate how each has shaped Penang as we know it today.

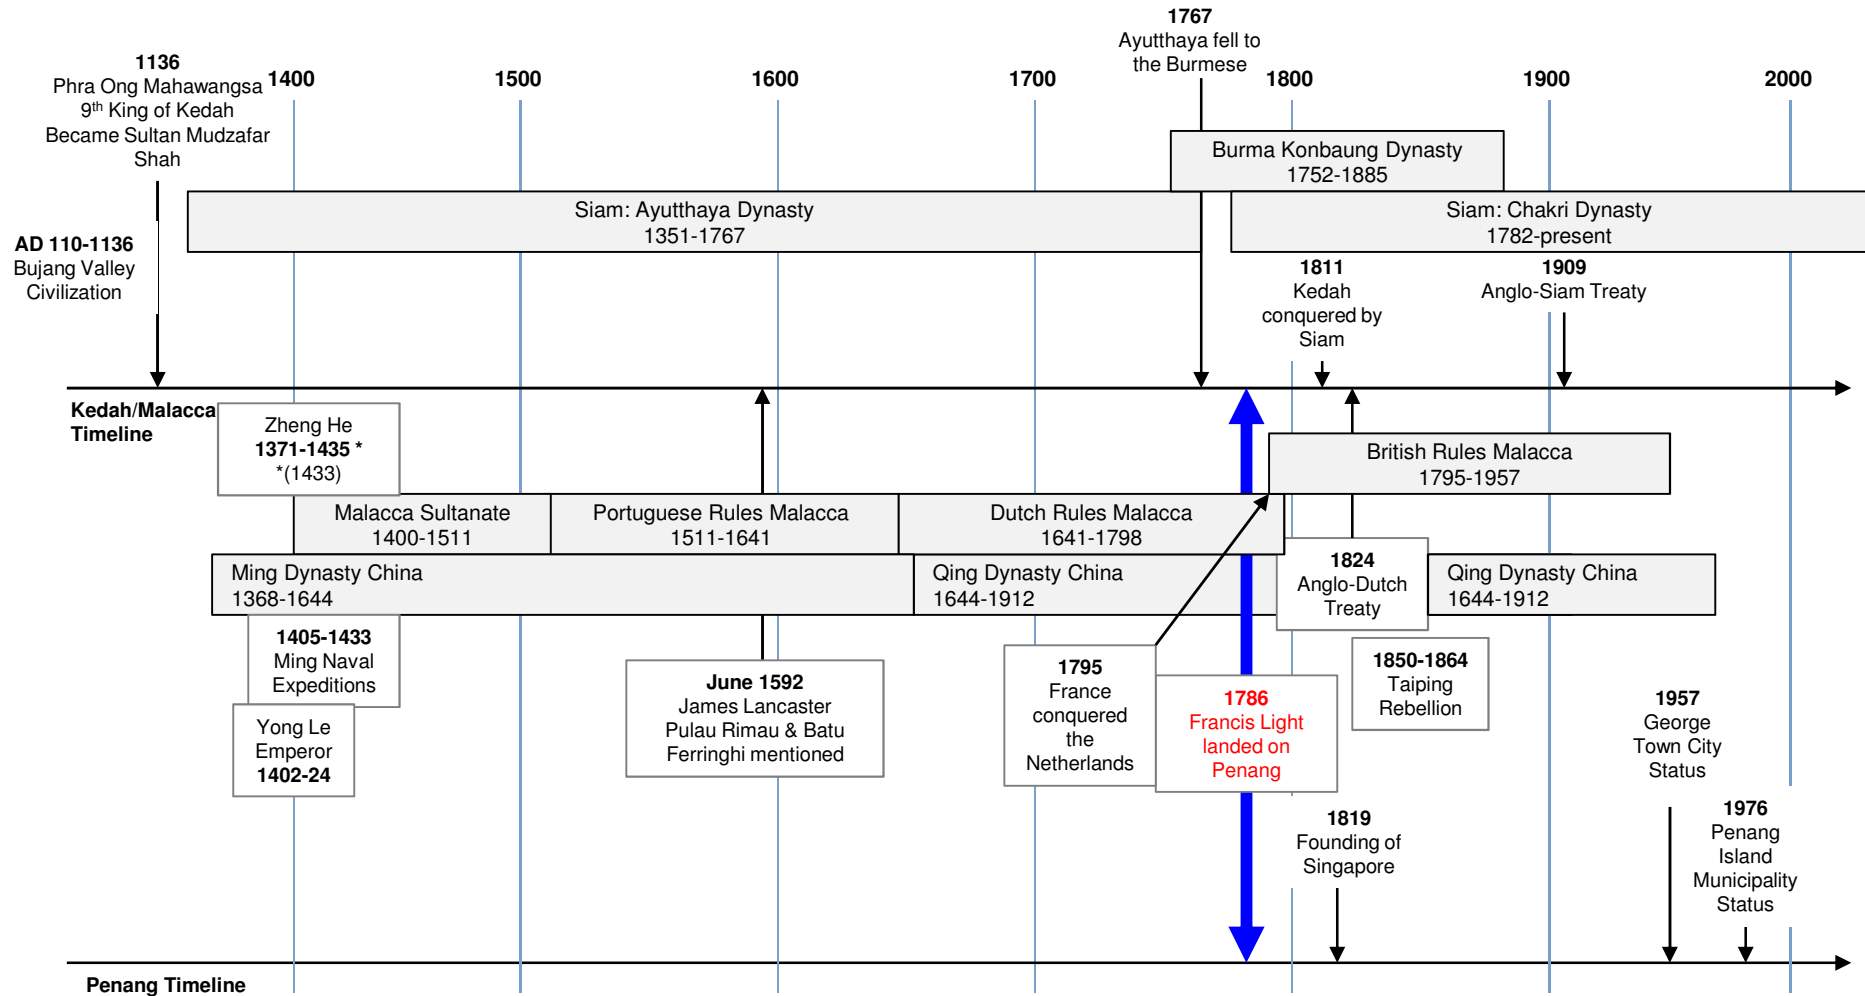

Nama tempat, rupa-bentuk jalan, seluruh wajah Pulau Pinang dapat ditelusuri kepada peristiwa masa lampau yang berlaku ribuan batu dari sini, beratus-ratus tahun yang lalu.

Dalam kajian ini, kita meninjau peristiwa signifikan yang berlaku di China, India, Portugal, Belanda, Britain, Siam, Burma, Indonesia, Singapura dan Semenanjung Tanah Melayu, untuk menghargai sumbangan setiap satu dalam membentuk wajah Pulau Pinang yang dikenali sekarang.
